## PULSAR® Hand Sanitiser Liquid

**PULSAR**<sup>®</sup>  
High Performance Apparel

This alcohol liquid hand sanitiser has been formulated in response to the focus on hygiene problems in areas where infection through cross contamination is a problem. This liquid is used primarily for the sanitising of hands prior to contact with patients, surfaces, instruments and food etc. A complex blend of alcohol, skin and emollients are designed to sanitise without the need for drying on a towel.

### FEATURES

World Health Organisation formulation 1, using 80% ethanol  
Kills 99.9% of most common germs that may be harmful

No residual odour and need to wipe dry

Kind to hands, contains emollients to help prevent dry hands

Leaves hands clean and germ free at point of contact

Manufactured and bottled in the UK

Screw on flip-top lid

Can be used directly from bottle or decant into another dispenser to ensure accurate dosage

Store with cap facing upwards at all times

### SHIPPING INFORMATION

Available in boxes of 24

2016 bottles on a pallet (84 x boxes of 24)

1 Box = 42 x 24 x 14 (cm) and approx. 8.2kg

1 Bottle = 13 x 7 x 4.5 (cm)

### SPECIFICATIONS

CODE: HS001

COLOUR: Clear

BOTTLE SIZE: 300ml

ALCOHOL LEVEL: Greater than 80g per 100g

### STANDARDS

EN 1500

EN 14791

### APPLICATION

If possible, wash hands with a suitable soap and clean water prior to applying hand sanitiser liquid. Dispense 4/5ml of liquid onto palm of hands and then massage over front and back of both hands, taking care to work well into webs and cuticle area. Ensure both hands are fully treated. Shake hands in air until dry.

**DO NOT USE A TOWEL. REPEAT THE PROCESS ON A REGULAR BASIS.**

### WARNINGS

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources, no smoking.

If in eyes, rinse continually with water for several minutes, remove contact lenses if present and easy to do so, continue rinsing, if eye irritation persists seek medical advice/attention

Do not use on children less than 2 months of age or on open skin wounds

Store between 15-30°C avoid freezing and excessive heat above 40°C

If swallowed seek medical help straightaway
